Product Information

The Sanyo ET-LAT100/PRM30-LAMP/LMP140/LMP141 replacement lamps are compatible with EIKI LC-WS250 PT-TW230 PT-TW230EA projectors. The working hour time is: 3000-5000 hours. After replacing our new lamps, the projector performance can be the same of the new original one and improve the effect of projection, and make you feel comfortable while using.

Adjust the size of the projection area

If you need to adjust the size of the projected image, you can use the projector's zoom function. Some projectors have optical zoom, which allows you to resize the image by adjusting the position of the projection lens or using the zoom button on the projector's remote control.
