Product Information

The Sanyo POA-LMP126/610-340-8569 replacement lamps are compatible with PRM10 PRM20 PRM20A projectors. The working hour time is:3000-4500 hours, After replacing our new lamps, the projector performance can be the same of the new original one and improve the effect of projection, and make you feel comfortable while using.

Keystone Correction

Keystone Correction feature helps correct keystone distortion in the projected image caused by the projector not being perfectly aligned with the screen. It ensures a rectangular image projection even when the projector is placed at an angle.
