#### Product Information

The ACER MC.JM411.006 replacement lamps are compatible with V7500 projectors. The working hour time is: 3000-5000 hours. After replacing our new lamps, the projector performance can be the same of the new original one and improve the effect of projection, and make you feel comfortable while using.

#### Adjust screen position

Some projectors have options for adjusting the position of the projected image. You can usually find these options in your projector's menu system. Use the remote control or built-in buttons to navigate to the appropriate settings and adjust until the image fits your desired screen or wall area.
