Product Information

The ACER MR.JM011.001 replacement lamps are compatible with P1285B projectors. The working hour time is: 3000-5000 hours. After replacing our new lamps, the projector performance can be the same as the new original one and improve the effect of projection, and make you feel comfortable while using.

Adjust the focus

Use the focus ring or menu options on the projector to adjust the focus of the projected image. (If available) Rotate the focus ring until the image is clear and sharp. If the projector has a menu system, find the focus setting and adjust it using the remote control or built-in buttons.
