

Replacement ET-RFF100 Filter For Panasonic Projector General FW100U FW100E

Our Product Introduction

for more products please visit us on projectorlamp-replacement.com

Basic Information

- Place of Origin: china
- Brand Name: Panasonic
- Model Number: ET-RFF100
- Minimum Order Quantity: 1-1000
- Price: Negotiable
- Packaging Details: carton packing
- Delivery Time: 1-2 day
- Payment Terms: T/T, Western Union, Paypal
- Supply Ability: 5000 per

Product Specification

- Product NameModels: Filter
- Warranty Period: 180 DAYS
- Highlight: **Replacement ET-RFF100 Filter ,
Panasonic Projector ET-RFF100 Filter ,
FW100U Panasonic Projector Filter**

Product Description

ET-RFF100 filter for Panasonic projector General FW100U, FW100E Projector Filter

Product Parameter

Part Numbers	ET-RFF100 filter
Fittable projector models	for Panasonic projector General PT-F100, PT-F100E, PT-F100NT, PT-F100NTE, PT-F100NTEA, PT-F100NTU, PT-F100U, PT-F200, PT-F200E, PT-F200NT, PT-F200NTE, PT-F200NTEA, PT-F200NTU, PT-F200U, PT-FW100, PT-FW100E, PT-FW100NT, PT-FW100NTE, PT-FW100NTU, PT-FW100U
Packing	Carton box with foam
Minimum Order quantity	10 piece

Points to note

The filter must be dusted regularly. Dust removal is an essential maintenance task for projectors, especially for LCD projectors. Since the LCD board of the projector is fully cooled, it usually has a special fan to cool it with a flow of tens of liters of air per minute. The high-speed airflow may also entrain tiny dust particles after passing through the dust filter. They rub against each other to generate static electricity and are adsorbed on the LCD board. system, this will have an impact on the projected image. Therefore, it is very important to prevent dust in the environment where the projector is used. Smoking must be strictly prohibited because smoke particles are more likely to be adsorbed in the optical system.
